

IOWA TALENTED AND GIFTED ASSOCIATION

Join a SENG Model Parent Group

SENG Model Parent Groups (SMPGs) bring together 10-20 parents of gifted and talented children to discuss such topics as motivation, discipline, stress management, and peer relationships.

ITAG is hosting and facilitating 6 online, weekly sessions using the SENG (Supporting Emotional Needs of the Gifted) Model Parent Group.

The trained facilitators are knowledgeable about parenting and educating gifted children. Their facilitation provides a non-judgmental and nurturing atmosphere.
